

Dear veterinarian/owner

Attached please find the HD/ED certificate in PDF format. KUSA has agreed that digital certificates are acceptable. All cases that are received digitally will from now on be sent to the referring veterinarian in this format and no longer be posted. Certificates will thus be available within 24 hours of submitting HD/ED radiographs to our Teleradiology Service.

On receiving the certificate

- you can append the certificate to your dog's or client's electronic record
- you can forward it to owners or breeders or potential buyers by e-mail
- you can print out the certificate, preferably in colour.

The advantage of this is that if the hard copy certificate is misplaced, you will have an electronic record, and can replace it easily.

Sincerely

The Vet Imaging Specialists Team

Kennel Union of South Africa

South African Veterinary Association

Federation Cynologique Internationale

International Hip/Elbow Dysplasia Certificate

Certificate no. R4380
